## "Not Now, Not Ever" MCD / LP\*\*

Two years in the making, the debut release from up-state New York's ANOTHER BREATH is finally here. Recorded at God City Studios with Kurt Ballou of Converge fame, the record was well worth the wait. What started as a project between college friends scattered through the state of New York has grown into something so much more, becoming a passionate, focused, full-on attack on the apathy of today's society. At times taking cues from the lyrical urgency of Strike Anywhere and the intense delivery of Give Up The Ghost, the vocals serve as an awakening for those of us that have been lulled to sleep by the routine of our daily lives. Musically, the band takes its traditional roots in hardcore punk and builds upon them with layered guitar harmonies and a definite rock and roll influence to create a much more complex sound rarely found in most young hardcore bands today. This band is no joke, and the members do not treat it as such. They have collectively put their lives on hold to pursue their passion, actively touring the east coast twice this year, with plans for a full U.S. tour in June/July 2004 and a four-week European tour in August 2004. Expect fans of Give Up The Ghost, Modern Life Is War, Strike Anywhere, Suicide File, The Disaster, and Kid Dynamite to take notice.

\*\*Licensed to Assault Records and released in Europe on 12" LP vinyl format.
